

Project Nehemiah

Black Lake Bible Camp was established over 75 years ago as a beautiful place set apart from the world, to be used by God, to declare His truth, and bring people, especially youth, into a deep relationship with Jesus.

Reach
5,000 more
youth over
the next 5
years.

16 new
spaces to
connect with
and be
refreshed
by God.

Continue
sharing
the Gospel
for the next
75 years!

Create a
safer and
more
comfortable
environment
for our
campers
and
guests.

Every new
cabin can
serve
children and
adults with
disabilities.

It was created with the expectation of “downpourings of Grace.” And indeed, His grace continues to abound at BLBC, making it a beacon of hope in the Pacific Northwest.

Project Nehemiah

Over many decades, BLBC was gradually built and renovated by families and churches who were part of its dedication in 1946. The refreshing lake and towering grove of fir trees have endured the last 75 years, but the buildings, cabins, and other physical infrastructures have significantly aged.

We want to see BLBC thrive for generations to come! Children, youth, and families still need to hear God's truth and experience His love in a place set apart from the distractions of the world. And, just as this camp was built by the families who envisioned the Spirit of God powerfully at work here, so again we call upon the family of God to join us in rebuilding this camp.

Do you remember how the walls of Jerusalem were rebuilt by God's chosen people? Through God's empowerment, it took the unified efforts of dozens of men.

Black Lake Bible Camp is calling upon the family of God to come together to rebuild His camp for the next generation. We are calling this endeavor Project Nehemiah.

Come and see God's downpouring of grace with us as we use our time, talents, and resources to rebuild Black Lake Bible Camp so that the next generation may hear the name of Jesus Christ proclaimed in the shelter of these grounds!
